Questions 67 and 68 (Live)

Par Chicago

Album : Chicago Greatest Hits

Can this feeling that we have together

Oooh, suddenly exist between

Did this meeting of our minds together

Oooh, happen just today, somewhere

I'd like to know,

Can you tell me -- please don't tell me

It really doesn't matter anyhow

It's just that the thought of us so happy

Appears in my mind, as a beautifully mysterious thing

Was your image in my mind so deeply

Was your image in my mind so deeply

Oooh, other places fade away

Blocking memories of unhappy hours

Oooh, leavin' just a burnin' love

I'd like to know,

I'd like to know,

Can you tell me -- please don't tell me

It really doesn't matter anyhow

It's just that the thought of us so happy

Appears in my mind, as a beautifully mysterious thing

Yes it does now baby

Can this lovin' we have found within us

Oooh, suddenly exist between

Did we somehow try to make it happen

Oooh, was it just a natural thing

I'd like to know,

Can you tell me -- please don't tell me

It really doesn't matter anyhow

It's just that the thought of us so happy

Appears in my mind, as a beautifully mysterious thing

Yes it does now baby
