It Depends (feat. Bryson Tiller) (Paused)

Par Chris Brown

Album : It Depends (feat. Bryson Tiller)

You bad as hell, I treat you well, I will

It's good, I can tell, come give me hell, come here (Come give me hell)

Your fairytale, under your spell, I am (Oh)

She get Chanel, oh, when it all

I guess I done ran out of options

Can't keep fantasizin', oh-oh

I'm callin' you so we can lock in

But you call me toxic

You make it easy for me to believe in your lovin' (Ooh)

You better believe it, 'cause, baby, I'm leavin' with something

Girl, it's better than the dick you had before

Smiling 'cause you know I know you know

You bad as hell, I treat you well, I will

It's good, I can tell, come give me hell, come here

Your fairytale, under your spell, I am

She get Chanel, oh, when it all depends (Oh yeah, baby)

You screaming "yeah," can't call for help from here (No)

You leaving welts, I feel your nails, for real

I eat you good, you sleepin' good, for real

I freak you well, I freak you well, I will

I'll freak you right I will

I'll freak you right I will

I'll freak you like no one has ever, ever made you feel

I'll freak you right I will

I'll freak you right I will

I'll freak, freak it like no one has ever made you feel, yeah

Shawty wanna come find out what's good with me (What's good? What's good?)

Well, girl, it all depends on what you need at night, hey

She wan' do, I heard he let you go free at night

Don't you go love me outta spite

Hey, hey

I don't wanna send the wrong signs, but I can read your mind

Left you alone, you're all mine, you're all mine

Tell me if now is the wrong time, I need a long time, I need a

I need a long time, I need a

I need a long time, oh

Girl, I'll be your best, yes

Then I'll be your best again

Oh yes, yes, yes (Oh yes)

When you ask for sex again

Don't care 'bout the rest of them, you startin' to forget

See what I'm sayin', you don't need 'em, yeah (Oh)

You bad as hell, I treat you well, I will

It's good, I can tell, come give me hell, come here (Come give me hell)

Your fairytale, under your spell, I am (Under your spell)

She get Chanel, oh, when it all depends (Oh yeah, baby)

You screaming "yeah," can't call for help from here (I'm here, no)

You leaving welts, I feel your nails, for real

I eat you good, you sleepin' good, for real (I)

I freak you well, I freak you well, I will

Number one in my top ten

Fuck them other bitches, you not them

Hublot, baby, you clocked in

Passenger princess, hop in (Oh)

Girl, you knowin' what time it is

Pussy good, I'ma lock it in

Beat that shit out the box again, oh (Yeah)

Tryna see where your conscience is

Can we keep this anonymous?

Oh, you wan' be monogamous? Oh-woah

Oh, might take the rubber off

Oh, yeah

'Cause you make it easy for me to believe in your lovin' (Ooh)

You better believe it, 'cause, baby, I'm leavin' with something (Ooh)
