Looking For The Summer

Par Chris Rea

Album : 1991-6

Look deep into the April face

A change is clearly taking place

Looking for the summer

The eyes take on a certain gaze

And leave behind the springtime days

Go looking for the summer

This ain't no game of kiss and tell

The implications how you knew so well

Go looking for the summer

The time has come and they must go

To play the passion out that haunts you so

Looking for the summer

Remember love how it was the same

We scratched and hurt each other's growing pains

We were looking for the summer

And still I stand this very day

With a burning wish to fly away

I'm still looking, looking for the summer

Looking for the summer
