Muscoviet Musquito

Par Clan Of Xymox

Album : The Best Of

I must write a letter to you

I must make myself clear

It is spot on time, right on cue

I am a clam, somebody said to me

It's obscene, there must be a motive behind

It's obscure. there must be someone behind

A muscovite mosquito, a muscovite mosquito

A muscovite mosquito, a muscovite mosquito

A vivid image anyway

Someone said, you're a clam,

Consider this!

Mmm, listen oh, listen to me, you're far

A thousand miles away from here

I am here, I am here in this ooze through country

Trampled down by mega people

A dispute will never end

A retrospection, it sounds obscene

A disconnection,

A final balance sheet for muscovite mosquito

For muscovite mosquito

For muscovite mosquito, it sound obscene

It sound so obscure, for muscovite mosquito

My final balance sheet is gone... for

Muscovite mosquito, muscovite mosquito

It's spot on time, right on cue

You missed the chance, somebody vexedly said

It's obscene, there must be motives behind

It's obscure, there must be someone behind
