Black Magic Woman

Par Clapton, Eric

Album : The Lady In The Balcony (HD)

This one's for Peter

Got a black magic woman

Got a black magic woman

Got a black magic woman

Got me so blind, I can't see

That she's a black magic woman

Tryna make a devil outta me

Don't turn your back on me, baby

Don't turn your back on me, baby

Don't turn your back on me, baby

Fooling 'round with your tricks

'Cause you're a black magic woman

Might wake up my magic sticks

You put a spell on me, baby

You put a spell on me, baby

You put a spell on me, baby

Got me so blind, I can't see

That you're a black magic woman

Tryna make a devil outta me
