Album : Covered A Selection Of Film Scores

Today is day one, of a brand new world,

The days of Empire are finished, The future is right, now!

I don't give a fuck about your war, or your security.

Your rules are really beginning, to annoy me.

I used to be a gunfighter, I'm not gonna kill you right now, cause i'm too tired,
which one of you, gets to die, trying to stick me?

Welcome to the human race,

call me snake, Welcome to the human race,

snake, Welcome to the human race.

Obey!, a non-smoking nation no alcohol,

no sex, unless you're married, no fool language, no red meat, This is the Land of the free.

Welcome to the human race,

call me snake, Welcome to the human race,

snake, Welcome to the human race.

snake, Welcome to the human race,

call me snake, Welcome to the human race,

snake, Welcome to the human race.
