# Hush

Par Coely

*Album : MNM Big Hits 2018.3*

Is anybody out there?

Is anybody out there?

I see you movin' in the shadows (hush)

I'm getting paranoid (hush)

But I be right here (hush)

Is anybody out there?

Is anybody out there?

I see you movin' in the shadows (hush)

**I'm getting paranoid (hush)**

**But I be right here (hush)**

Don't put the gun in my hand it might set off

They be runnin' schemes with the devil (foul play)

They tryna run the game but in the end you know they gettin' played

Tryna run away another part thunder bay

But it matters when I see five

It ain't no movie no it's just another recap (oh Lord)

There be killers in the streets and killers in police vests

Eh

**Is anybody out there?**

**Is anybody out there?**

**I see you movin' in the shadows (hush)**

**I'm getting paranoid (hush)**

**But I be right here (hush)**

**Is anybody out there?**

**Is anybody out there?**

**I see you movin' in the shadows (hush)**

**I'm getting paranoid (hush)**

**But I be right here (hush)**

Who run the plan?

Who the man?

Who the victim?

You understand

Who is your friend?

Get suspicious

Who wears the mask?

Snakes in the grass tryna trick ya

Snitch ya, painting visions see the bigger picture

Deep cover, deep cover

They control the hand that shoots the gun, they big brother

He control the land and everything that breathes on it

But I say "fuck 'em" and I start screaming

**Everyone get down**

**Don't make another sound**

**Stop sayin' there's another way**

**Ain't playin' around so give me what I want**

And maybe you won't die today

Everyone get down

Don't make another sound

Stop sayin' there's another way

Ain't playin' around so give me what I want

And maybe you won't die today

Is anybody out there?

Is anybody out there?

I see you movin' in the shadows (hush)

I'm getting paranoid (hush)

But I be right here (hush)

Is anybody out there?

Is anybody out there?

I see you movin' in the shadows (hush)

I'm getting paranoid (hush)

But I be right here (hush)
