Shot my shot with stone like I'm David in the Bible

Throw the key for ocean

The boy wey go replace me go swim river with shark

I new buy PS5, I no come play with your heart

Instead, I buy another pad make we play together

Melanin dark skin, indeed black is beauty

Still got me wondering why Michael Jackson bleach he own

You got me wondering why Michael Jackson bleach he own skin

Got me wondering why he bleach he own

You got me wondering why Michael Jackson bleach he own skin

You got me wondering why he bleach he own

Every "I love you" I sent I meant it

Don't you know big boys cry too?

My time you fucking wasted

You're my tactom, you seek impatient
