Burnin Love (The Prophet Remix)

Par Critical Mass

Album : Thunderdome XI - The Killing P

Come on and follow me to my wildest fantasy

Come now and be with me

Can you feel the energy of love?

Deep inside of me can you feel the energy of love?

Come on and follow me to my wildest fantasy

Come now and be with me

Can you feel the energy of love?

Deep inside of me can you feel the energy of love?

So feel my burning love

Feel my burning love

Feel my burning love

Feel my burning love

Come on and follow me to my wildest fantasy

Come now and be with me

Can you feel the energy of love?

Deep inside of me can you feel the energy of love?

So feel my burning love

Feel my burning love

Feel my burning love

Feel my burning love

Please, come on and follow me

To my wildest fantasy

Come now and be with me

Can you feel the energy?

Follow me

Feel the energy

Feel the burning love

Come on and follow me to my wildest fantasy

Come now and be with me

Can you feel the energy of love?

Deep inside of me can you feel the energy of love?

So feel my burning love

Feel my burning love

Feel my burning love

Feel my burning love

So feel my burning love

Feel my burning love

Feel my burning love

Come on and follow me to my wildest fantasy

Come now and be with me

Can you feel the energy of love?

Deep inside of me can you feel the energy of love?

So feel my burning love

Feel my burning love

Feel my burning love

Feel my burning love

Come on and follow me to my wildest fantasy

Come now and be with me

Can you feel the energy of love?

Deep inside of me can you feel the energy of love?

So feel my burning love

Feel my burning love

Feel my burning love

Feel my burning love
