2. Soul Mate

Par Crystal Ball

Album : Hard Impact

I wonder where you were tonight

You should be here right by my side

But you were nowhere in sight

Your love is killing me inside

You ask me do you feel alright?

After all we left behind

Don't be afraid

You're still in my head

You're my soul mate

It's a true state

Don't hesitate

And heaven will wait

You know I don't need no advice

You know I don't need any lies

Shut up, you better think twice

Maybe one day you'll realize

And you will see it in my eyes

I love you real with all your smiles

Don't be afraid

You're still in my head

You're my soul mate

It's a true state

Don't hesitate

And heaven will wait

You're my soul mate

It's a true state

Don't hesitate

And heaven will wait

You're the one who made a stand

I just had to make you mine

Here I am, you're just my friend

Is this the end?...

You're my soul mate

It's a true state

Don't hesitate

And heaven will wait

You're my soul mate

It's a true state

Don't hesitate

And heaven will wait

You're my soul mate

It's a true state

Don't hesitate

And heaven will wait
