### 2. Soul Mate

Par Crystal Ball

*Album : Hard Impact*

I wonder where you were tonight

You should be here right by my side

But you were nowhere in sight

Your love is killing me inside

You ask me do you feel alright?

After all we left behind

**Don't be afraid**

**You're still in my head**

**You're my soul mate**

**It's a true state**

**Don't hesitate**

**And heaven will wait**

You know I don't need no advice

You know I don't need any lies

Shut up, you better think twice

Maybe one day you'll realize

And you will see it in my eyes

I love you real with all your smiles

**Don't be afraid**

**You're still in my head**

**You're my soul mate**

**It's a true state**

**Don't hesitate**

**And heaven will wait**

**You're my soul mate**

**It's a true state**

**Don't hesitate**

**And heaven will wait**

You're the one who made a stand

I just had to make you mine

Here I am, you're just my friend

Is this the end?...

**You're my soul mate**

**It's a true state**

**Don't hesitate**

**And heaven will wait**

**You're my soul mate**

**It's a true state**

**Don't hesitate**

**And heaven will wait**

**You're my soul mate**

**It's a true state**

Don't hesitate

And heaven will wait
