# Poney Honey Money

Par CSS

*Album : Cansei de Ser Sexy (Brazilian Edition)*

### Pony honey money

I love you so

You are all I ever wanted

I am happier now you know

When I was just a girl

You were my friend

I could ride you around and brush your bright rainbow hair

### Pony pony pony

### You're drivin' me through the air

Honey hone yhoney

You're simply the best

Money money money

You never let me down

**Pony honey money**

**Pony honey money**

Pony honey money stay with me

We sleep when we're down so we can dream

Remember the time Chinese was so weird

You were just little boy gettin' ready for me

**Pony pony pony**

**You're drivin' me through the air**

Honeyhoneyhoney

Don't act like you don't care

Mone ymoney money

I need you so

So I can take poney and honey to their favorite rock show
