Pagan Fears

Par Dark Funeral

Album : Teach Children to Worship Satan

[Mayhem cover]

The bloody history from the

Past deceased humans now forgotten.

An age of legends and fear a time now

So distant.

Less numbered as they were their lives

So primitive and pagan

Superstitions were a part of the life

So unprotected in the dark nights

Pagan fears.

The past is alive.

The past is alive.

Woeful people with pale faces

Staring obsessed at the moon

Some memories will never go away

And they will forever be here.
