### Pagan Fears

Par Dark Funeral

*Album : Teach Children to Worship Satan*

[Mayhem cover]

The bloody history from the

Past deceased humans now forgotten.

An age of legends and fear a time now

So distant.

Less numbered as they were their lives

So primitive and pagan

Superstitions were a part of the life

So unprotected in the dark nights

Pagan fears.

**The past is alive.**

**The past is alive.**

Woeful people with pale faces

Staring obsessed at the moon

Some memories will never go away

And they will forever be here.
