Bitch...(bitch)...Do you want me?...(do you want me?)

'Cause I'm famous...(I'm famous)...is that right?...(thats right)

Sexy(echos)

What(echos)

Get T-bagged!

On your face!

BITCH

(Laughs)

(Jamie Madrox)

Bitch I'm the sexiest killer you know

Come equiped with an axe and some love handles

Vampire out the water, straight to land

Can a killer that you know fuck you better than I can?

If you say that they could bitch, yous a lie

You must have never had a Juggalo between ya thighs

Didn't like the fat kid that was cuttin' your lawn

Now your givin' head shots for your favorite song

(Shaggy 2 Dope)

So bitch you think I'm sexy

And you want my willy

Then you best expect me to slap you in your fuckin' mouth

Oh thats right bitch, you like killers in disguise

Sure I'll fuck, but don't expect to leave alive

I'll make sweet love to the neden of a Juggalette

A fake bitch out for props gets her neck wet

**[Chorus: repeat 2X]**

Baby am I sexy?

Tell me am I sexy?

Baby am I sexy?

Tell me am I sexy?

(Blaze Ya Dead Homie)

What up young bitch? I know you like dick

So drop to your knees, and tell me what you think

As my dick slides up in and out your face

11 years dead funk, bitch how it taste?

Lay your ass down and close your eyes

Imagine dead dick, between your thighs

Can't nobody do it quite like this

I might be dead, but I'm sexy bitch

(Monoxide Child)

Bitch I can't front, in the days of no game

I still had to gain to put your face on fame

Monox. Boogie in this bitch with my dick on hard

Face fuckin' all you hoes be my only trump card, bitch

You can it with the punk next door

But when you see me aint no talkin' 'cause we fuckin' on the floor

And all that front shit gots to go

I'm on a hunt for the freak nasty, bitch, from head to toe

[Chorus]

"I think you are, I have all of your albums,

I went and bought'em yesterday, but I'm definitely,

a Juffalo, I would do...I would do like anything in the world,

just to be with you, only you, its because of who you are."

(Violent J)

Bitch aint I sexy?

Wanna take a ride in my Lexy? (yea)

Well I aint got a Lexy, I got a Taxi

Get the fuck in it, floor it and pay for it

Bitch, we the Dark Lotus 6

We don't like richy-ass groupy chicks

I never got nenen, before I was famous

Bounce, or get my foot in your anus

Bitch, you think its all song and dance

I'll bust your head, if you don't come out of them pants

You don't get to choose us or take your pick

You'll be lucky if you get to suck Squeaky dick!

Bitch I'm sexy, take off my shirt

Whats that all on my back? dirt!

Don down & dirty by the Violent J

And the motherfuckin' Lotus Pod, be the hideaway

Bitch, show a Juggalette respect

You don't wanna tussle wit' a down ninjette

Life aint nothing but bitches and money

And I aint got either one, so get the fuck on... bitch...

That's right... I'm sick of this bullshit...

cause thats what it is... bullllshit bitch...

You better suck my dick 'til my balls get wet...
