Lift Me Up Vs Bang My Head

Par David Guetta Feat. Nico & Vinz And Ladysmith Black Mambazo / Feat. Sia

Album : Listen Again [Disc 2]

For the rest of my life

I promise that I, I'll keep loving you

Keep loving you, keep loving you, keep loving you

Lift me up, don't hold me down

I don't wanna be down, don't bring me down

Lift me up, don't hold me down

I don't wanna be down, don't bring me down

Lift me up to higher ground

Not too proud to say I need you now

Lift me up, don't hold me down

I don't wanna be down, don't bring me down

(Don't bring me down)

We are meant to be here for one another

Don't forget you're my sister, you're my brother

I'm just like you, I've got troubles on my own

Just like you, I am tryna make it home

I dream at night of a better day

You and I in a better place

Don't know how but I know that I'll reach it

Don't know where but I know that we'll meet it

Lift me up, don't hold me down

I don't wanna be down, don't bring me down

Lift me up, don't hold me down

I don't wanna be down, don't bring me down

Lift me up to higher ground

Not too proud to say I need you now

Lift me up, don't hold me down

I don't wanna be down, don't bring me down

Lift me up, don't hold me down

I don't wanna be down, don't bring me down

Lift me up to higher ground

Not too proud to say I need you now

Lift me up, don't hold me down

I don't wanna be down, don't bring me down
