Napoli

Par Dean Martin

Album : Italian Love Songs

In Napoli, beside the sea

It happened on a night like this

In Napoli, our hearts were free

And we surrendered to a kiss

There 'neath the stars, I saw heaven in her eyes

There 'neath the stars, I knew this was paradise

All through the night, in sweet delight

We shared the tenderness of love

But with the dawn, my love was gone

Just like the fading stars above

My lonely heart cries out, please, come back to me

Beside the sea, in dear ol' Napoli

There 'neath the stars, I saw heaven in her eyes

There 'neath the stars, I knew this was paradise

All through the night, in sweet delight

We shared the tenderness of love

But with the dawn, my love was gone

Just like the fading stars above

My lonely heart cries out, please, come back to me

Beside the sea, in dear ol' Napoli
