It Could Be You

Par Def Leppard

Album : On Through The Night

Who's the one to knock me over?

Who's the one to take me by surprise?

Who's the one who's out to get me?

Who will share my fantasy tonight?

It could be you (you, you), it could be me (me, me)

It could be anyone

It could be you (you, you), it could be me (me, me)

It could be you (you, you), it could be anyone

Do you really know the story?

Have you really come to see the band?

Can you reach out for the glory?

Can you feel the nearness of my hand?

It could be you (you, you), it could be me (me, me)

It could be anyone

If you look a little harder

You can see we're really all the same

And if you look a little deeper

Can't you see it's really all a game?

It could be you (you, you), instead of me (me, me)

It could be anyone

It could be you (you, you), it could be me (me, me)

It could be you (you, you), it could be anyone
