WISHLIST

Par Denzel Curry

Album : KING OF THE MISCHIEVOUS SOUTH (DELUXE)

I can show you

That Ultraground music

Ridin' in the Urus with a chopper and I'll use it

Put your title up, you'll lose it, I'll prove it

Matter fact, I stamped and approved it

Straight Ultraground makes all them haters get down

You understand what I'm sayin'?

I can, I can, I can show you lame niggas how to do this

Stack your money up, be about your business

Cause hoes gon' be hoes, they come with a wishlist

Hoes gon' be hoes, they come with a wishlist

I can show you lame niggas how to do this

Stack your money up, be about your business

Cause hoes gon' be hoes, they come with a wishlist

Hoes gon' be hoes, they come with a wishlist

Ayy, I met this girl the other night
She said she wanna get with me and fuck Armani White
Respectfully declined because I said I got a wife
She said she want a threesome and her best friend is a dyke
Known around the way, I started hearin about her type
Always with the ball players, that's the ones she likes
She got her titties done and I guess they look alright
They call her Princess Peach, she downin every nigga pipe
In and out of DMs trynna be a rapper BM
She gon ger the W, I skrrt off when I see 'em
I know it's gon get worse when I start doin coliseums
Hoes gon be hoes, I just call it how I see em
Let me clarify, I ain't talking bout all women
Some just wanna settle down and have a couple children
For all my rapper homies, just be careful while you touring
You meet a pretty girl, but her intentions aint the purest
(She a bitch)

I can show you lame niggas how to do this

Stack your money up, be about your business

Cause hoes gon' be hoes, they come with a wishlist

Hoes gon' be hoes, they come with a wishlist

I can show you lame niggas how to do this

Stack your money up, be about your business

Cause hoes gon' be hoes, they come with a wishlist

Hoes gon' be hoes, they come with a wishlist

Second phone buzzing, just delete the other number, yeah

Cruisin that 103 til i seen a freak that went to Rutgers

She was peeking out the covers, she said

"GT, wait" (You know this nigga?), yeah

Grew up down the street, my uncles beatin up her brothers

I said "Bitch, jumping back, shit been lit, fuck you at?"

She was just runnin' packs, Emmitt Smith run it back

She out here makin' sales, brother and them just caught a body

Now she gon be paying bail

Painting nails, calling me Sonic The Hedgehog

The way I be chasing tail

Pusher bitch, you know she got them grams in the mail

I'm in Miami, so you them bitches fans of Denzel

I'm calling them back with a fifty

She wanted them titties and damn BBL

She said, "Ooh, bitch, you bout to make me cancel this Zelle"

She said hood is home, but she in a condo that her buddy own

Pay me good cause she good as gone, boy

You should have known

Calling me up fifty phones, foot on all these trippy hoes

Never let them keep on my tippy-toes

I can show you lame niggas how to do this

Stack your money up, be about your business

Cause hoes gon' be hoes, they come with a wishlist

Hoes gon' be hoes, they come with a wishlist

I can show you lame niggas how to do this

Stack your money up, be about your business

Cause hoes gon' be hoes, they come with a wishlist

Hoes gon' be hoes, they come with a wishlist

Do do do do do

Do do do do do
