Time is a human construct

And you were below the waves

**Time after time**

**July was in her eyes**

**But you lie, you lie**

**To your soul**

Your soul

Your soul

Let it fly

I remember the rainy days in Chinatown

Oh, I hope you'll be ok

**Time after time**

July was in her eyes

But you lie, you lie

To your soul

Your soul

Your soul

Your soul

All we're offering is a chance to be loved

Loved

Loved

Loved
