Master Of Disharmony (LIVE)

Par DIMMU BORGIR

Album : For All Tid (Reissue 1999) (Japanese CD)

Master of disharmony

Welcome my tained soul

Take me from the hordes of the living

Into the blessed darkness

Master of disorder

Take my impure flesh

Lead me unto the path of temptation

Save me from the cowardness

Save me from the cawardness

Master of sin

Take my cursed heart

Bring me where I can find salvation

For I am the damned

Master of death

Take my pitiful life

I am enslaved

I shall never forget the pain

Master of sin

Take my cursed heart

Bring me where I can find salvation

For I am the damned

Master of death

Take my pitiful life

I am enslaved

I shall never forget the pain
