Heartbreaker

Par Dirty Honey

Album : Welcome To Rock Heaven

Tell me that you need me in the dead of night dead of night

Only to deceive me and my worried mind, worried mind

But if you'd take my shackles off

I'd see you're just a heartbreaker

A heartbreaker oh, what you do to me

You're just a heartbreaker

A heartbreaker, what'd you do to me baby please

Everybody's talking bout how you did me wrong

Every lie you told me is gonna come undone, come undone

But when I throw you to the curb like and old burnt cigarette you'll see

You're just a heartbreaker

A Heartbreaker oh, what you do to me

You're just a heartbreaker

A heartbreaker, what'd you do to me

Take me out of my misery, baby please

You've got me burning up inside

Suffocating on all your lies

You're just a heartbreaker

A heartbreaker oh, what you do to me

You're just a heartbreaker

A heartbreaker

You're just a heartbreaker

A heartbreaker oh, what you do to me

You're just a heartbreaker

Been running round my mind and I'm wondering where you've been

Everybody's talking' bout how I'll never see you again

Been running round my mind and I'm wondering where you've been

You're just a heartbreaker
