Kiss Me Like A Cobra

Par Doro

Album : Calling The Wild [CD 1]

Can you feel my heartbeat

When danger comes around?

I sense a sudden smell of poison

Joined by a hypnotizing sound

A deadly game

A mind to tame

A deadly kiss

Eternal bliss

You put me in a state of trance

Seduce me like a cobra

Could it be our last romance

When you kiss me like a cobra?

Love is constant danger

'Cause it makes me feel alive

My life never seemed much stranger

When killing me means love

A deadly game

A mind to tame

A deadly kiss

Eternal bliss

You put me in a state of trance

Seduce me like a cobra

Could it be our last romance

When you kiss me like a cobra?

You put me in a state of trance

Seduce me like a cobra

Could it be our last romance

When you kiss me like a cobra?

You put me in a state of trance

Seduce me like a cobra

Could it be our last romance

When you kiss me like a cobra?

You put me in a state of trance

Seduce me like a cobra

Could it be our last romance

When you kiss me like a cobra?

You put me in a state of trance

Seduce me like a cobra

Could it be our last romance

When you kiss me like a cobra?
