At Wit's End

Par Dream Theater

Album : Distance Over Time (Deluxe Edition)

Let me help you, how much longer till you realize?

You're getting worse and it's killing you inside

I can't break through, do you have to face this on your own?

Want to be left alone

Don't leave me now, don't leave me now

I know that it's tearing you apart

Don't leave me now, don't leave me now

Come alive

You feel I'm asking too much of you but can't let go

Fear breeds the hate and your apathy, empty and hollow

You lost your face, there's no getting through. Why shut me out?

Frantic, disturbed, filled with misery, can't figure it out

Sleepless, worse for wear

Staring at the ceiling

I'm sedated, intoxicated

Deafening, deafening

Shout it out, shout it out

Burning, burning

No way out, no way out

Don't leave me now, don't leave me now

I know that it's tearing you apart

Don't leave me now, don't leave me now

Come alive

Asked me to listen

Can't go on to face another day

I lied, not admitting

What I lost is still in you

Something's missing

You see darkness in my eyes

Maculate, there is no cure

Playing over to stop pretending

Walked inside, it's never ending turn

Don't leave me now, don't leave me now

Don't leave me now

Don't leave me now, don't leave me now

Don't leave me now
