Dirty (interlude)

Par Earth, Wind & Fire

Album : The Eternal Dance

All Right...

Tell ya bout dirty

Tell ya bout dirty ha

Check this out

Yea I'm gonna tell ya a story bout this cat

His name was Dirty

And uh... he lived down the street from me

Second house, shotgun house

You can check this out k

He's not around anymore

No his name was Dirty

He was slick and thought he was perdy

White hats and women

Or anything that was tight and he could fit in

Had a way with numbers

Ran 'em so unemcomboured

Had a reputation

For love inflation

You see that was his employment

As he worked for enjoyment

Tell ya bout dirty (he's not around anymore)

Tell ya bout diry (dirty)
