# Dirty Girl

Par Eels

*Album : With Strings - Live At Town Hall*

**I like a girl with a dirty mouth**

Someone that I can believe

We had a window, not open too long

But that time is good and gone

**And if I ever see her again**

**Just walking by with some new guy**

**I know that we will need to pretend**

**And hope our eyes keep telling lies**

Sit on the back porch and wonder 'bout her

What is she doing right now?

Making somebody a happier man

Dyeing her hair back to brown

Once in a while your life gets so good

Worth all the trouble of the past

That was the case, but I think I always knew

Good things don't ever last

**And if I ever see her again**

**Just walking by with some new guy**

**I know that we will need to pretend**

**And hope our eyes keep telling lies**

**I like a girl with a dirty mouth**

Know that I can trust her

We had our time, but it didn't last too long

And that time is good and gone

**That time is good and gone**

**That time is good and gone**
