Black pyramids under Martian sun

Priests chant ancient necropsalms

Summon winds across the desert sands

Sun sets on this dying land

Lamac lamac bachalyas

Cabahagy sabalyos

Black ships tear through Martian skies

Earthbound send by sorcerous flight

13 years through black depths of space

Ancient race seed this cursed place

Lagoz atha cabyolas

Smnahac atha famolas

Come my fanatics, come to the sabbat

Come my fanatics, come to the sabbat, yeah

Eko, eko, azarak
