### Ambiramus (Live)

Par Eluveitie

*Album : Live At Masters Of Rock*

Somewhere afar

A cry rang out

Wondrous words echoing

In my restless heart

A call I heard

In three different tongues

Of such awing majesty

Soft and silently

Whispering my name

I could not oppose

**And so I set out into the unknown**

**I spread my arms to fall**

Ambiramus

**Cicinxiet mon text?**

**Cover me in your darkest shelter**

**Ad magos meldí?s**

**Ambiteixt? ad t?ros íovincon**

I have lost control

And drift afar

Into a darkness arcane

All that I've known

Blurred into a pale

And distant memory

**And so I set out into the unknown**

**I spread my arms to fall**

Ambiramus

**Cicinxiet mon text?**

**Cover me in your darkest shelter**

**Ad magos meldí?s**

**Ambiteixt? ad t?ros íovincon**

And I spread my arms to fall

Ambiramus

**Cicinxiet mon text?**

**Cover me in your darkest shelter**

**Ad magos meldí?s**

**Ambiteixt? ad t?ros íovincon**

Ambiramus

**Cicinxiet mon text?**

**Cover me in your darkest shelter**

**Ad magos meldí?s**

**Ambiteixt? ad t?ros íovincon**
