It's Easy for You

Par Elvis Presley

Album : The Original Elvis Presley Collection

You may not mind that it's over

But I've a different point of view

Even though I am shattered

It's easy for you

You don't have to face the music

You don't have to face the crowd

Just go back where you came from

You ain't even proud

I had a wife and I had children

I threw them all away

And now you tell me, you dare to tell me

I should go back to them

What do you think I should say

I found it hard to leave them

Saddest thing I ever had to do

My problems haven't started

And it's easy for you

I had a wife and I had children

I threw them all away

And now you tell me, you dare to tell me

I should go back to them

What do you think, what on earth do you think I should say

If you ever tire of the good life

Call me in a year or two

I've got no choice, I'll forgive you

'Cause it's easy for you

You only have to call me, it's easy for you

You only have to call me, it's easy for you
