# Bluebird Wine

Par Emmylou Harris

*Album : Pieces of the Sky (Expanded & Remastered)*

Baby brought me in out off the highway  
Made me put my money in the bank, bank  
Straightened out my crooked way of thinking  
Made it purely pleasure when I drank

**And it's all right**

**I've just hit my stride**

**Right off the bat**

**Lord, I'm drunk on bluebird wine**

Now baby taught me a different way of thinkin'  
Like how to spend my evenings here at home  
Listening to the music on the radio  
Drinking all the bluebird we can hold

**And it's all right**

**I've just hit my stride**

**Right off the bat**

**Lord, I'm drunk on bluebird wine**

Well baby says he'd really love a party

We'll get some friends together feelin' fine

Any friend of mine is worth his habit

A belly full of baby's bluebird wine

**And it's all right**

**I've just hit my stride**

Party just started

Lord I'm drunk on bluebird wine

**And it's all right**

**I've just hit my stride**

**Right off the bat**

**Lord, I'm drunk on bluebird wine**
