Bluebird Wine

Par Emmylou Harris

Album : Pieces of the Sky (The 70's Studio Album Collection)

Baby brought me in out off the highway
Made me put my money in the bank, bank
Straightened out my crooked way of thinking
Made it purely pleasure when I drank

And it's all right

I've just hit my stride

Right off the bat

Lord, I'm drunk on bluebird wine

Now baby taught me a different way of thinkin'
Like how to spend my evenings here at home
Listening to the music on the radio
Drinking all the bluebird we can hold

And it's all right

I've just hit my stride

Right off the bat

Lord, I'm drunk on bluebird wine

Well baby says he'd really love a party

We'll get some friends together feelin' fine

Any friend of mine is worth his habit

A belly full of baby's bluebird wine

And it's all right

I've just hit my stride

Party just started

Lord I'm drunk on bluebird wine

And it's all right

I've just hit my stride

Right off the bat

Lord, I'm drunk on bluebird wine
