After Midnight

Par Eric Clapton

Album : Platinum

After midnight, we're gon' let it all hang down

After midnight, we're gon' chug-a-lug and shout

We're gon' stimulate some action

We're gon' get some satisfaction

We're gon' find out what it is all about (what it is all about)

(What it is all about)

Whoa, after midnight, we're gonna let it all hang down (after midnight)

(After midnight)

After midnight, we're gon' shake your tambourine (after midnight)

(After midnight)

After midnight, it's all gon' be peaches and cream (after midnight)

(After midnight)

We're gon' cause talk and suspicion

We're gon' give an exhibition

We're gon' find out what it is all about (what it is all about)

(What it is all about)

Whoa, after midnight, we're gon' let it all hang down (gonna let it all hang down)

(Gonna let it all hang down)

Yeah, yeah-yeah

After midnight, we're gon' let it all hang down (gonna let it all hang down)

(Gonna let it all hang down)

After midnight, we're gon' shake your tambourine (gonna shake your tambourine)

(Gonna shake your tambourine)

After midnight, it's all gonna be peaches and cream (gonna shake your tambourine)

(Gonna shake your tambourine)

We're gon' cause talk and suspicion

We're gon' give an exhibition

We're gon' find out what it is all about (what it is all about)

(What it is all about)

Whoa, after midnight, we're gon' let it all hang down (after midnight)

(After midnight)

After midnight, we're gon' let it all hang down (gonna let it all hang down)

(Gonna let it all hang down)

After midnight, we're gon' let it all hang down (gonna let it all hang down)

(Gonna let it all hang down)

After midnight, we're gon' let it all hang down (gonna let it all hang down)

(Gonna let it all hang down)

After midnight, we're gon' let it all hang down (gonna let it all hang down)

(Gonna let it all hang down)

Hoo, hoo, hoo, yeah, after midnight (gonna let it all hang down)

(Gonna let it all hang down)

After midnight, we're gon' let it all hang down (gonna let it all hang down)

(Gonna let it all hang down)

Let me tell you about midnight

Let me tell you about midnight
