Standin' Round Crying (Live)

Par Eric Clapton

Album : Third Degree (live)

A couple of songs now by the great Muddy Waters

This one is called, "Standin' 'round crying"

Oh, baby, look how you got me standing around crying

Oh, baby, look how you got me standing around crying

I know, I love you, little girl

But you're always resting on my mind

Oh, baby, I ain't gonna be riding you around in my automobile

Oh, baby, I ain't gonna be riding you around in my automobile

You got so many men

To I'm afraid you may get me killed

Oh, baby, you ain't nothing like you used to be

(Anyway, you gonna get me killed, baby)

Oh, baby, you ain't nothing like you used to be

(Oh, man, leave that woman alone)

When I was deep in love with you, little girl

You were just sweet as an apple on a tree, hm

Thank you
