Light it up

Par Esto es Eso

Album : Ecuafornia

La vida te ha dado cosas buenas y malas

tantas cosas que puedo dar

pero también es muy buena

encuentra la manera de darme paz

De darme paz

Well it could be your money or your family

But don't let it lead you to insanity

The good herb is good for humanity

So blaze it up for mankind

Light it up, Light it up, Light it up

For the people to see

Y me da paz, y me da paz

Tengo una hija que me recuerda

en sus ojos a su mamá

tiene sangre en sus venas

y veo mi tierra

Y me da paz, y me da paz... me da paz

The good herb is good for humanity

So blaze it up for mankind

Light it up, Light it up, Light it up.come on now!

For the people to see ...oh oh oh

So Light it up, Light it up, Light it up

For the people to seeeee.oh ohh.y me da paz

I visualize wise, and I'm not seeing demise

Cause the future's sutured looking up like a high rise

And now I'm breaking barriers and trying to build

Cause in a state of no stress I'm the best and that's real.ahhh

come on come on my people...!!

So Light it up, Light it up, Light it up

For the people to seeeee.

Y me da paz.
