Everybody's Fool (Instrumental)

Par Evanescence

Album : Instrumentals

Perfect by nature

Icons of self-indulgence

Just what we all need

More lies about a world that

Never was and never will be

Have you no shame?

Don't you see me?

You know you've got everybody fooled

Look, here she comes now

Bow down and stare in wonder

Oh, how we love you

No flaws when you're pretending

But now I know she

Never was and never will be

You don't know how you betrayed me

And somehow, you've got everybody fooled

Without the mask

Where will you hide?

Can't find yourself

Lost in your lie

I know the truth now

I know who you are

And I don't love you anymore

It never was and never will be

You don't know how you betrayed me

And somehow, you've got everybody fooled

Never was and never will be

You're not real and you can't save me

And somehow, now you're everybody's fool
