Naked (feat. DJ Lethal)

Par Everlast

Album : Love, War and the Ghost of Whitey Ford

Blue sky, devil eye

Cyanide, suicide

Double down, let it ride

Lose your money, bruise your pride

Easy came, easy went

Ghetto slums, tenements

Things look real, Old Testament

Blame it all on the president

The emperor's got brand new clothes

And everybody but him knows, he's naked

But you don't say a word

The emperor's got brand new jewels

Wake up soon, you silly fools, he's naked

But you don't say a word

The rich, they get richer, the poor, they get poorer

While liberty stands naked screaming in horror

The emperor raped her but we just ignore her

The rich, they get richer, the poor, they get poorer

Poorer, poorer, poorer, poorer, poorer

Youthanize, youth will rise

Scrutinize, truth from lies

Time to revolutionize

Organize, weaponize

Easy come, easy go

Think I'm movin' just a little bit too slow

Got front row tickets to the big freak show

Wait for the whole freakin' thing to blow

The emperor's got brand new clothes

And everybody but him knows, he's naked

But you don't say a word

The emperor's got brand new jewels

Wake up soon, you silly fools, he's naked

But you don't say a word

The rich, they get richer, the poor, they get poorer

While liberty stands naked screaming in horror

The emperor raped her but we just ignore her

The rich, they get richer, the poor, they get poorer

Poorer, poorer, poorer, poorer, poorer

Homicide, genocide

Victimize, paralyze

Empathize and analyze

Compromise and vandalize

Easy come, hard to take

Wide awake, the original fake

Find the heart, drive the stake

Wait for the whole freakin' thing to break

The emperor's got brand new clothes

And everybody but him knows, he's naked

But you don't say a word

The emperor's got brand new jewels

Wake up soon, you silly fools, he's naked

But you don't say a word

The rich, they get richer, the poor, they get poorer

While liberty stands naked screaming in horror

The emperor raped her but we just ignore her

The rich, they get richer, the poor, they get poorer

The rich, they get richer, the poor, they get poorer

While liberty stands naked screaming in horror

The emperor raped her but we just ignore her

The rich, they get richer, the poor, they get poorer

Poorer, poorer, poorer, poorer, poorer
