The Crab Song

Par Faith No More

Album : Stirring the Calm

You look beautiful today, where are you going?

Oh really?

Well, don't come back

And stay out (bitch)

Dear Esther

Farewell (I was only kidding)

To you

Bitch

Come back

I didn't mean it (I was only kidding)

I said I was only kidding

Wait a minute (I was kidding)

Come back

I didn't mean it

Oh well

And after all the feelings go

I see I still love you so

I just thought I'd let you know

Now that everything's okay

And you are on your way back

Back from where you came

She said with pain in her heart

It was there from the start

Now I know why everything turns grey

But it's our own world we paint

And I want the brightest

I want fluorescence

Every day and night

For the rest of my life

Open your eyes, won't you?

Can't you see?

You're so beautiful to me, yeah

Won't go on

Together on like this

No more

Don't look back

As a matter of fact

There's ten foot jack

Wants to break your back

You stole his girl

You wrecked his world

Now it's your your head that he's gonna twirl

He won't think once

He won't think twice

Cause he knows just what he's gonna do tonight

He will commit a crime

A crime of love

He won't be happy till he sees your blood

Looking back on when you left me

Standing in the rain, oh

Don't look back as a matter of fact

There's a son of a bitch

And he's digging a ditch

For you my friend

My lucky one

So grab your things it's time to run

To the other side

Where love takes pride

And your soul's the only thing that stays alive

Hey, quit talkin that terminal jive

Looking back on when

You left me crying

In pain

Said, don't look back as a matter of fact

There's a ten foot jack

Wants to break your back

You stole his girl

You wrecked his world

Now it's your your head that he's gonna twirl

He won't think once

He won't think twice

'Cause he knows just what he's gonna do tonight

He will commit a crime

A crime of love

He won't be happy 'till he sees your blood

Looking back on when you left me

Standing in the rain

Incredible pain

I understand

You have to be your own person

Well, that's ok with me

Hey, hey, hey, hey

Hey, hey, hey, what?

Hurts, hurts, hurts

Like a like a motherfucker

Love

And kill

Old man

Like a son of a bitch

That feeling

It gets me

Right down there

Inside me

Where nothing

Deep down there

Where only

Bad things grow
