latex and gasoline (ft. Valhalla Kid)

Par Floralis

Album : Saboteur Club Anthems Vol. 1

[Floralis]

Well, all I want's some latex and some gasoline

Well, all I want's some latex and some gasoline

You say that times are improving,

I ask you how do you know?

You say that we're getting older,

I tell you shut up, and chain me up boy,

The thought makes me throw up I,

Think of all the blood and hours,

I'm losing sleep.

You said we're dying,

OK, well what do you want me to say?

Do you think I find it easy boy? Believe me, I

Never thought I'd ever see some peace in life,

You said you're anarchist, I joke, I kid,

But did you only ever really wanna kiss me? Ooh,

So, tell me what I don't know,

Or touch me, homo,

You never wanna burn some shit

I'm getting sick to death of this,

Flip the desk with us,

Make yourself useful and grip my neck a bit,

We've only got some months left to live,

You're lucky you've got super soft lips

Well, all I want's some latex and some gasoline

Well, all I want's some latex and some gasoline

You say that times are improving,

I ask you how do you know?

You say that we're getting older,

I tell you shut up, and chain me up boy,

The thought makes me throw up I,

Think of all the blood and hours,

I'm losing sleep.

[Valhalla Kid]

A ella le encanta la gaso

Dice que quiere mis manos debajo

De la mesa, y aún preguntando

si hay un futuro que nos quiere

Si hay un futuro que te espere cuando no me identifico con los machos

En el centro, dreaming of Young Miko and Ferrxxo

Gritando letras de Hembrismo del techo

Un comunista, que se chinguen los cerdos

En el abismo del binarismo,

Sentía que en mi vida le faltaba ritmo

Y baby cuando chingamos se siente rico

Pero siempre quieren que lo justifique contigo

cuando estamos solos no puedo escapar

Los comentarios de la gente que quiere matar

Que no sabe amar, y yo solo en el mar

Consciente que solo yo puedo salvarme
