Chin Up

Par Former Ghosts

Album : New Love

It catches up with me-

Soften the blow

Already spread thin

I promise I'm fine

because time never passes for me there in the dark

A shadow of your former self there in the light

And oh, the one thing you are good at is wasting your love

In a cold bed you can say you were never there

The one thing that turns you in your grave

In a cold bed I can say I was never there

This will bury me, oh this will bury me

It catches up with me

Soften the blow

Already spread thin

I promise I'm lying

Because time never passes for me there in the dark

A shadow of your former self there in the light

And oh, the one thing I am good at is wasting my love

I need you right now

I need you right now

I need you right now

I need you right now

I need you right now

I need you right now

I need you I need you I need you

right now.
