### Scene 18: Went on the Road

Par Frank Zappa

*Album : 200 Motels*

Went on the road for a month touring

What a drag, you gotta go

Even if you'd rather be at home

Planked out in Hollywood

That's not even the worst part of the business

All our shit had took a plane at 5:03

What's it gonna be?

Chicken, beef, or turkey?

Eww

La la la la

Would you like a snack?

Ah wee ooh

I'd give my soul for a double cheeseburger from a

Famous American burger chain with a symbol in the

Parking lot that's yellow plastic and goes like this
