LEASH

Par fur:trash

Album : LOST DOG

you'll never be alone!

in my control, you'll never be alone!

your neck adorned by my leash
designed to keep you with me
pull gently, guide you back home

in my control, you'll never be alone!

you'll never be alone!

in my control, you'll never be alone!

(you'll never be alone...)

watch your paws twitch while you sleep
know you're dreaming about me
your tail wags left and right 'cause

in my control, you'll never be alone!

you'll never be alone!

in my control, you'll never be alone!
