I got my diamonds on

You got your diamonds on

Watches on watches

I looked at her and I said, "Beautiful"

**Baby let's go have rich sex**

**Baby let's go have rich sex**

**Make a little love, have rich sex**

Rich sex, bitch

**Baby let's go and have rich sex**

**Make a little love, have rich sex**

**Baby let's go and have rich sex**

**Baby girl, let's have some rich sex**

**I'ma keep my AP on while I do it**

**We can keep an AP on while we do it**

**You can keep your Rollie on when I get to it**

**You can keep your Rollie on when I get to it**

**When you look down, see my chains on**

**When you look down, see my chains on**

**When you're ridin' on me, see my chains on**

**When you're ridin' on me, keep my chains on (VVS)**

**Baby we can go and have rich sex**

**Baby girl, go and have rich sex**

**You ain't ever ever had rich sex**

**You ain't ever ever had rich sex**

Never made love to a misfit

You never made love to a misfit

Come and kick a deal on some rich shit

I'ma keep it pimpin' on some rich shit

We can do the show on the jet lift

Fuckin' in the air on the jet, bitch

We can do the LA petty cruisin' over Vegas

Hundred thousand dollars for a watch, count fetti

Kiss on a nigga with his chains on, glizzy

Fuck so good, got both of us dizzy

**Do it lowkey, profile, get busy**

**Do it lowkey, profile, get busy**

Got the Audemars Piguet on fleek

Got my number one freak in the sheets

And all she want is the D

And for me to keep this ice on me

**Baby let's go and have rich sex**

**Make a little love, have rich sex**

**Baby let's go and have rich sex**

**Baby girl, let's have some rich sex**

**I'ma keep my AP on while I do it**

**We can keep an AP on while we do it**

**You can keep your Rollie on when I get to it**

**You can keep your Rollie on when I get to it**

**When you look down, see my chains on**

**When you look down, see my chains on**

**When you're ridin' on me, see my chains on**

**When you're ridin' on me, keep my chains on (VVS)**

**Baby we can go and have rich sex**

**Baby girl, go and have rich sex**

**You ain't ever ever had rich sex**

**You ain't ever ever had rich sex**

**Let's stop for a while, have recess**

## Let's stop for a while, have recess

Let's kiss for a while, have recess

Let's touch for a while, have recess

Do it for a while like a replay

Let me see you wind that ass up like a DJ

Run that back like a DJ

I know you see this big face

Chandelier froze for a bad one

Come and kick game in your ear while I smash you

And I keep them thangs in my ear while I'm stabbin'

And I catch you hot like the flame and the passion

And I got the flash on deck, no battery

And I have some Tom Fords on while you suckin' me

Cuban link hang off my neck, to your nip from my neck

To my watch and my chain, it's gon' drizzle, gon' drizzle

## Baby let's go and have rich sex

## Baby girl, let's have some rich sex
