# Better Days

Par Garrett Wall Band

*Album : Hands & Imperfections*

Misunderstanding

Always something new

Causing confusion

Or throwing blame at you

**How did I get here?**

Why do I never see

The slow hand turning

Ever so subtly?

Lessons worth learning

Never come too cheap

The trust that's worth earning

We sow as we reap

**How did I get here?**

Why do I never learn?

The tide is low now

But never forgets to turn

Yeah, oh

**Better days I've had**

**Most times it's just one thing**

**That makes a good one bad**

Yeah, oh

**Better days I've had**

Appreciation

For the simple things

Making the most of, yeah

Whatever each one brings

**How did I get here?**

Why does it have to be

So hard to get through

So little guaranteed?

Yeah, oh

**Better days I've had**

**Most times it's just one thing**

**That makes a good one bad**

Yeah, oh

**Better days I've had**

**Most times it's just one thing**

**That makes a good one bad**

Yeah, oh

**Better days I've had**
