The Cow

Par Gene Loves Jezebel

Album : Voodoo Dollies (The Best Of)

You're from the cotton fields

Yeah, but J.A., he's out there bailing hay

He's got muscles

Did you see the cow with the furrowed brow?

He's laughing out

You can pick me up and put me down

Do what you want, you've had enough

I hope I can feel, I hope I'm not blind

I hope I can feel, I hope I'm not blind

Pappa says, "Keep a civil tongue in your head

Don't talk about it?

Just pick right up where you left off

Don't think on it

I hope I can feel, I hope I'm not blind

I hope I can feel, I hope I'm not blind

Weep for her

(Did you see the cow?)

Weep for her

Weep for her

(Did you see the cow?)

Weep for her

Love, lovely, love

Love, lovely, love

Love, lovely, love

Love, lovely, love

Weep for her

(Did you see the cow?)

Weep for her

Weep for her

(Did you see the cow?)

Weep for her

You wounded me again

Tugged at my nerve ends

I hope I can feel, I hope I'm not blind

I hope I can feel, I hope I'm not blind

(Don't talk about it)

You wounded me again

Tugged at my nerve ends

Weep for her

(Did you see the cow?)

Weep for her

Weep for her

(Did you see the cow?)

Weep for her
