# Baby Don't Run Away

Par George Harrison

*Album : The Dark Horse Years 1976–1992 - Gone Troppo [Disc 4]*

**Baby don't run away from me**

**Baby don't go**

**Baby I'm always thinking of you**

**Baby don't run away from my love, ooh**

You brought me everything I've wanted

Lady don't go

How could I ever live without you

Lady don't run away from my love, ooh

Way out there where the ocean is still

**A calm reflection in the sea**

**(In the sea)**

Sat alone with the stars and the moon

You turned round to me

And love was in your eyes to see

**That's when it happened to you and me**

**Baby don't run away from me**

**Baby don't go**

**Baby I'm always thinking of you**

**Baby don't run away from my love, ooh**

(Run away from my love)

Way back then it was easy to see

**A calm reflection in the sea**

**(In the sea)**

Sitting still and without any cares

You turned out to be

A lover who was sure of me

**That's when it happened to you and me**

**Baby don't run away from me**

**Baby don't go**

**Baby I'm always thinking of you**

**Baby don't run away from my love, ooh**

**Baby don't run away from me**

**Baby don't go**

**Baby I'm always thinking of you**

Baby don't run away from my love

(My love)

Ooh

**Run away from my love**

(My love)

**Run away from my love**

(My love)
