Star People (unplugged)

Par George Michael

Album : Older

I said, talk about your mother

Talk about your father

Talk about the people

Who have made you what you are

Talk about your teacher

The bully boy who beat ya

Talk about the people

Who have paid for that new sports car

You're a big, big, big, big star

Ooh, I'm talking to you

Star people

Counting your money until your soul turns green

Star people

Counting the cost of your desire to be seen

I said, maybe your mama gave you up for

Did you get off on the bad foot, baby?

Do you have a little tail to tell?

Did you get off on the bad foot, the bad, the bad foot?

Is that why you're a star?

Maybe your daddy didn't love you enough, girl

Is that what makes a star? Yeah

Star people

Never forget, you see the same with me

Just look at all the wonderful people

Tryna forget they had to pay for what you see

It's a dream

With a nightmare stuck in the middle

But listen, brother, where would you be

Without all this attention?

You'd die, die, die, wouldn't we?

Well, wouldn't we?

Ooh, I'm talking to you, yeah

Talking to you, yeah

I said, maybe your mama gave you up for

It's the same old, same old

Maybe your daddy didn't love you enough, girl

Hey, I said, did you get off on the bad foot, baby?

Do you have a little tail to tell?

Did you get off on the bad foot, the bad, the bad foot?

Is that why you're a star?

Maybe your daddy didn't love you enough, girl

Is that what makes a star? Is that what makes a star?

Maybe your mama gave you up for

Maybe your daddy didn't love you enough, girl

Oh please, oh please

Oh please

You're a big, big, big, big star

Ooh, I'm talking to you

Did you get off on the bad foot, baby?

Do you have a little tail to tell?

Did you get off on the bad foot, the bad, the bad foot?

Is that why you're a star?

Maybe your daddy didn't love you enough, girl

Is that what makes a star? Yeah

I said, talk about your mother

Talk about your father

Talk about the people

Who have made you what you are

Talk about your teacher

The bully boy who beat ya

Talk about the people

Who have paid for that new sports car

How much is enough?

How much is enough?

How much is enough?

How much is enough?
