I Know What I Want For Christmas

Par George Strait

Album : [2003] 20Th Century Masters (The Christmas Collection)

'Tis the season for generosity

A time to give and to receive

My Christmas list consists

Of just one sweet dream

I know what I want for Christmas this year

I hope my note got to Santa on time

I'm a little bit nervous

It's kind of a big thing I'm asking for

I don't know if I deserve it but, boy, if I get it

I'll never ask for anything more

It shines (it shines), it's new (it's new)

And it's the one wish that I wish would come true

This year for Christmas, I just wanna be with you

We can build a little fire

We can sit and talk for hours

We'll just have fun

You can tell me what you did

Christmas morning as a kid

And we'll talk about

All our Christmases to come

If I hang a little mistletoe

In every single doorway

I'm sure to get a kiss

And is it too much to ask

For a snowman kind of snow

To complete this singular wish?

It shines (it shines), it's new (it's new)

I know what I want and nothin' else will do

This year for Christmas, I just wanna be with you

This year for Christmas, I just wanna be with you
