Deus In Absentia (Paused)

Par Ghost

Album : Meliora (Deluxe Edition)

In this your time of need

You're turning to the light

You had just begun to explore the dark

In the urban night

The world is on fire

And you are here to stay and burn with me

A funeral pyre

And we are here to revel forevermore

You're so goddamn frail

Failing for a change

You just had to know all about the world

But you will never know

'Cause no one ever told you how

The world is on fire

And you are here to stay and burn with me

A funeral pyre

And we are here to revel forever

The world is on fire

And we are tied as one eternally

A funeral pyre

And we are here to revel forevermore

(Deus, Deus)

All of your imaginations

Are now running down your face

All of your imaginations

Are now running down your face

Oh, you are looking good

Bareback in disgrace

And you are doing fine worshiping your lord

Standing in his grace

'Cause no one ever told you how

The world is on fire

And you are here to stay and burn with me

A funeral pyre

And we are here to revel forever

The world is on fire

And we are tied as one eternally

A funeral pyre

And we are here to revel forevermore

Deus, Deus

Deus, Deus

Deus, Deus

Deus, Deus

Deus, Deus, Deus

Deus, Deus, Deus in Absentia

In Absentia

Deus In Absentia
