# Friendly Skies feat Missy Elliot -music-madness

Par Ginuwine

*Album : Collections*

Yeah, little slow jam

Kiss me, hold me

The weather man says it's gonna be cold tonight

### Whatever man

Whatever, whatever, whatever, whatever

Whatever man you wanna do

I'll be the pilot, don't miss your flight

### I'm the stewardess of the plane

### Feel the turbulence and maintain

### Please refrain, stay in your seat

### Until we reach the gate

**I'm the stewardess of the plane**

**Feel the turbulence and maintain**

**Please refrain, stay in your seat**

**Until we reach the gate**

Take me higher

Let's just go for a little joyride

**Whatever man**

Whatever, whatever, whatever

Let's stay buckled up

And let's make love across the friendly skies

**I'm the passenger of this plane**

**I feel the turbulence, I'll maintain**

**I will refrain, I'll stay in my seat**

**Until I reach the gate**

**I'm the passenger of this plane**

**I feel the turbulence, I'll maintain**

**I will refrain, I'll stay in my seat**

**Until I reach the gate**

I want you, I want you

I want to, baby you know

I really really wanna you, you

**Sho 'nuff wanna you**

I want you, yes I do

I want you, baby I want to

I know you know what I want to do

I really really wanna you

I really wanna you

**Sho 'nuff wanna you**

**Is there anything that you want?**

Is there anything that you need?

**Call on me, genuine**

**Call on me, genuine**

**Is there anything that you want?**

Is there anything that you crave?

**Call on me, genuine**

'Cause I'm a passenger of your plane

**Come on and see, fly with me**

**Come on and see, fly with me, fly with me**

**Come on and see, fly with me**

**Come on and see, fly with me, fly with me**
