Don't Wanna Lose You

Par Gloria Estefan

Album : Don't Wanna Lose You

Sometimes it's hard
To make things clear
I know when you face the truth

And I know

That the moment is here

I'll open my heart

Show you inside

My love has no pride

I feel with you

I've got nothing to hide

So open your eyes

See who I am

Not who you want for me to be

I am only myself, myself

I don't wanna lose you now

We're gonna get through somehow

I don't wanna lose you now

Forever

Baby I finally found

The courage to stand my ground

But if you want me, I'll be around

Forever

We all make mistakes

We all lose our way

But we stood the test of time

And I hope

That's the way it will stay

It's all up to you

To tell me to go

'Cause it won't be me to walk away

When you're all that I know

And I know

That I don't wanna lose you now

We're gonna get through somehow

I don't wanna lose you now

Forever, no never

Baby I finally found

The courage to stand my ground

But if you want me, I'll be around

Forever, forever yeah yeah

Don't wanna lose you (I don't wanna lose you now)

Don't wanna lose you now

We're gonna get through somehow (we're gonna get through somehow)

Don't wanna lose you now (don't wanna lose you)

No, don't wanna lose you

Don't wanna lose you
